## APRIL 2008 NEWS UPDATE

Greetings in the mighty name of Jesus. We trust that you are enjoying a blessed month and seeing the Lord do good things in and through your lives. This past month I have been privileged to minister in New Zealand, in Melbourne, at a National Easter camp and also in New South Wales.

The Lord has again ministered powerfully to many people. In the meetings there has been a very powerful sense of God's presence. So many people have responded to this and sought a fresh outpouring of the Holy Spirit into their lives.

I have been encouraging people to push through for miracles despite the obstacles they may face and, as a result, many have testified to moving to a new place of faith and hope in the Lord. Many have shared how pain has instantly left their bodies. One man had torn ankle ligaments healed, people shared how backs, arms and other parts of the body were freed from pain after prayer. One man shared how pain had left his neck and eyes following prayer. He had apparently been suffering for nearly two weeks with this problem.

Several people have testified to being set free from fears and anxieties which had plagued them for some time. Some have testified to being set free from long term emotional traumas. There have been people coming back to the Lord after having been in a backslidden condition.

I have again had the privilege of ministering with pastors and leaders in groups and one-to-one, and have been encouraging them as they serve the Lord in their part of the 'vineyard'.

I am now preparing into the visit to Kenya and looking forward to traveling there with Simon, who went with me on our first visit there three years ago.

Praise God that the Ministry continues to increase and we are praying for people to partner with us in various ways.

1. Prayer Partnership – people committed to praying daily for us and the Ministry.
2. Financial Partnership – people committed to sowing financially into various areas of our Ministry.
3. Specific Missions Partnership – such as Kenya, Bangladesh, the Philippines.
4. Specific Project Partnership – such as the Siritanyi Children's Home in Kenya.
5. Staff / Administration – Extra regular income is needed to help cover increased wages and costs as we expand the Ministry.
