

## DECEMBER 2010 / JANUARY 2011 NEWS UPDATE

*Training—Equipping—Building Faith—Inspiring Hope*

### Ministry Report...

Praise God for the meetings over the past two months where lives have been impacted and changed by the Holy Spirit.

I have ministered in Australia and England and been blessed to see the Lord do many wonderful things. It has been particularly encouraging to see many responding to prioritize their relationship with the Lord Jesus. The Holy Spirit has been reminding us that all we do really is about Jesus and He must be central in our lives and activities.

Testimonies have been received from people who have received breakthroughs in challenging situations. People have also shared

how they have been touched physically with healing in their bodies.

One recovering drug addict shared with me how the power of God “zapped” him and he had been released into a sense of freedom which he had not known before. A lady testified that her back had been completely healed and a man shared how he had experienced difficulty walking but his foot had been completely healed after prayer. Others have shared of shoulders and necks being healed.

Many people have received prophetic ministry which has impacted and encouraged them, sometimes receiving words that spoke directly to where they were at or

even questions they had been asking.

I have again spent good times with pastors and leaders sharing with them in groups and individually. There are so many who are faithfully serving the Lord and facing challenges. It is a privilege to be able to encourage them, minister to them and stand with them as they believe for breakthroughs in the Lord.

We pray that at this time of year you will all know the wonderful blessing and provision of the Lord. We pray that His joy will fill your lives as we celebrate the birth of Jesus Christ, the King of Kings. Merry Christmas!

### Website News...

The Divine Healing seminars held in November were wonderfully blessed by the Lord with many sharing how they were healed and ministered to by the Lord.

A new 4-part CD series entitled Divine Healing

is now available and can be ordered at our website [www.johncairns.org](http://www.johncairns.org)

When you visit the website you will see that we have added a Missions Brochure. This is in PDF form and can be easily downloaded. In the brochure you will

find lots of information regarding our missions work in Africa..

You will also find updated news and information on other areas of our Ministry.

## Heather's Health Corner...

As we approach the Festive Season here are just a few tips for you on maintaining optimum health, not only at Christmas but throughout the New Year:

**Tip 1:** Four foods our immune systems love? Oranges; Yoghurt; Tea; Pumpkin Seeds. Try to include these in your diet on a regular basis. **Tip 2:** Exercise! Not only will it help your body function better but it will also help you sleep better giving your body the rest it needs, especially at this hectic time of year! **Tip 3:** Enjoy your morning cup of tea or coffee. The caffeine in these drinks actually stops our brain from shrinkage! **Tip 4:** Make sure you are including B-Vitamins to your diet. B-Vitamins are essential in keeping you energized!

## Ministry Opportunities with JCM...

We have some great opportunities for volunteers to join our Team, as the Ministry continues to grow and develop.

1. Volunteer Fundraiser—for specific African projects
2. Voluntary Accountant—for specific financial projects and programs
3. Prayer Coordinator—coordinating prayer strategy and liaising with Prayer Partners

If you are interested in any of these areas, or would like further information, please feel free to contact us at [admin@johncairns.org](mailto:admin@johncairns.org) or call 0416 170 524.
