

# JUNE / JULY NEWS UPDATE

**Training—Equipping—Building Faith—Inspiring Hope**

## Ministry Report...

Greetings in the mighty name of Jesus. The past couple of months have been very busy.

Heather and I spent the month of April in the USA.

I then ministered around Melbourne for a couple of weeks before spending the last two weeks in Kenya.

The Lord has moved powerfully in all the meetings. I have been privileged to speak at leadership conferences, in local churches, and at schools of healing.

We had a wonderful time at the AIM Ministers Retreat in the USA. The Lord moved powerfully and it was also a great time of fellowship for us.

We have received many testimonies of people being healed. One man

was instantly healed from all pain in his back, hip and thigh. A lady shared how she had been in pain for years but was instantly healed with a very specific release from painful eyes.

Several people have been saved and many have recommitted their lives to the Lord.

It was exciting to hear from various people how they had been released from anxiety and fear, receiving a new release of joy in the Lord.

There has been a really good flow of the prophetic with several people sharing how words had spoken specifically and accurately into their lives and situations.

I enjoyed ministering to school teachers in one US city and speaking at a

school assembly in another. In that assembly many young people committed their lives to the Lord and several received prophetic words, which clearly impacted them in a powerful way.

I've enjoyed meeting with many Pastors and Leaders and spending good "one-on-one" time. So many are facing various challenges and it is always a blessing to be able to pray with them and encourage them as they continue their journey in the Lord.

We are now looking forward to our Alliance International Ministries Conference being held here in Melbourne in mid-June. Please pray all those attending will be blessed and encouraged by the Lord.

## Resource Information...

As we seek to encourage, train and equip we are continually expanding our Resources.

The new DVDs and CDS released in January have been well received and we are receiving good

feedback from many who are being blessed, challenged and equipped as they listen to the teachings.

The two series "You Shall Receive Power" and "Discipleship" are proving

to be popular. So many are wanting to live powerful lives for the Lord Jesus and these series are helping them in practical ways.

## Kenya Update...

The missions trip to Kenya was a brilliant time and the Lord blessed in every area.

Over 1000 people attended the meetings and we were blessed to have Pastors attending from various parts of Kenya, and also Uganda and Malawi.

As always the Leaders arrived hungry, both spiritually and physically and I was so blessed to have the privilege of seeing them fed in both areas, through the week.

Prior to the commencement of the Conference I spent a day at Siritanyi Children's Home. All the children are looking well and happy. Some updated pictures will be on our website soon.

On my first weekend in Kenya I ministered on the Sunday morning at a local church and then spent all afternoon ministering to young people. 14 committed their lives to the Lord and dozens stood to commit to living a 'genuine' Christian life, rather than just attending church and trying to be religious.

Although we had problems exchanging US \$ for Kenya Shillings the Lord worked some great miracles and we were able to purchase enough supplies to feed all attendees 3 meals per day for the whole conference. We were also able to accommodate the many who needed to stay overnight.

This year we could not erect a large tent as foundations have been dug for a new 1000-seater building. We used the church building and had an "overflow" tent next to that building. Both were packed to capacity every day and night.

Each afternoon torrential rain came, lasting for around 2 hours. Praise God, no meetings were disrupted and, although there was flooding around the building, we all stayed dry inside!

Alliance International Ministries is increasing in Kenya and I was blessed to spend a morning with all

those who are currently linked with us. These are men and women of God who walk humbly and with great faith in the Lord. Each of them are seeing the Lord expand their ministry and influence in various parts of Kenya and other countries.

The Conference meetings were wonderfully blessed by the Lord as I taught for hours in the morning and the afternoon. Various topics were covered and each session carried a very specific theme which impacted those present in clear and dynamic ways.

Several Pastors shared how they received fresh revelation and also great encouragement. Many times there was spontaneous outbursts of clapping, shouting and cheering as the Lord spoke specifically to them.

In one afternoon session I felt to share on the whole topic of discouragement. Almost all the leaders present stood for prayer and we had a powerful time as the Lord ministered encouragement to them.

One leader of a growing ministry shared how tears came to his eyes while I was preaching and he realized how deep his hurt and discouragement were. He was so blessed and excited to share how the Lord had delivered him and he had received fresh encouragement to continue his journey and ministry.

In another of our afternoon sessions I had all those involved with Alliance International Ministries pray for every person present. This was, for me, one of the major highlights of my visit as the Lord moved powerfully in many ways. Hundreds shared how they had been

physically healed or been set free from various emotional issues as the "team" prayed for them.

The night sessions were powerful! The worship was "electrifying". On one of the evenings I went to the pulpit twice but on both occasions felt the Lord telling me not to preach. As we continued in worship for the whole meeting many were healed from back pain, eye problems, and stomach problems. Some who had been having hearing difficulty were also totally healed.

On our final evening I felt to minister a simple message on the love of God. The Holy Spirit moved in a dynamic way even as I was sharing and it seemed that all of us present were completely overwhelmed by the love of God.

I praise God for all that He achieved during my visit. As usual, I felt that I learnt as much as I taught. These men and women live simple but powerful lives as they faithfully serve the Lord in the most challenging circumstances.

The level of praise is overwhelming as the people are completely oblivious to their basic surroundings simply want to honour and glorify the Lord.

The needs remain huge. People are starving in several regions and our desire is to help feed as many as possible. We are building a 1000-seater training centre which will serve as a meeting place for the local church and also a centre where we can offer much more regular training to Pastors and Leaders.

We are looking to build a vocational training centre where people can be trained in practical skills and in this way come out of poverty. We continue to buy goat herds, provide bicycles and fund other projects to help bring people out of poverty.

If you would like further information on all that we are doing in Kenya please feel free to contact us.

## June - July Ministry Itinerary...

### June

- 6** Alliance International Ministries Breakfast
- 7** West City Christian Church, Altona, VIC
- 9** John Cairns Ministries Board Meeting
- 12-13** Christian Fellowship Centre, Albury, NSW

Melbourne, VIC
- 28** Hope Christian Church, Frankston, VIC

### July

- 5-7** Hope Church, Newcastle, NSW
- 11-12** Christian Fellowship Centre, Albury, NSW
- 19** Bass Valley Christian Fellowship, Corinella, VIC
- 20-28** Leaders Conference and Church 25th  
Anniversary, Manila, Philippines

## Heather's Health Corner...

Hi There!

New research shows that dried plums (prunes) boost bone formation, density and strength. They also help to keep arteries clear and reduce inflammation in artery disease. They are good for your heart and for bone health and provide a major dose of essential vitamins. They are, of course, a great source of fibre.

With all the talk of a swine flu pandemic it would be good to boost your vitamin C intake. This is found in good doses of oranges, kiwi fruit, lemons, and fresh vegetables. An apple a day really can keep the doctor away!!

A daily dose of laughter is also good for the heart, so make sure you enjoy life.

To read previous copies of Temple Times just visit [www.johncairns.org](http://www.johncairns.org) where you will find many health tips and recipes which will help you in your healthy lifestyle.

Until next time...

God Bless,

Heather
