## **JUNE 2008 NEWS UPDATE**

Greetings in the mighty name of Jesus. Our news update is coming to you slightly later this month as both Victoria and I have been battling some health issues, but we are both believing for speedy recovery.

I had a very powerful time in the USA last month. I shared in many meetings with Pastors and leaders, Leadership teams and in public meetings. The Lord moved powerfully and gave us wisdom for church strategies as well as touching many people with health and breakthroughs in various areas. I took 11 flights in 21 days and slept in 7 different beds and praise God for how He blessed me during the trip. I lost my voice on several occasions but received several miracle touches as I stood to minister and the anointing began to flow.

There was a wonderful release of prophetic flow which apparently spoke specifically and clearly into many lives. Testimonies were received of people being healed from major emotional trauma and people also sharing how they had been freed from different fears. One man shared how he was a recovering drug addict and the ministry had given him a new hope and a sense that his life had purpose and meaning. Many made fresh commitments to the Lord with one lady sharing how she had been away from the Lord for years but had felt to come to that meeting when I was ministering. The Lord had challenged her and she recommitted her life to Him. There were a couple of meetings where I felt not to preach and the Holy Spirit moved powerfully with all present being impacted in varying ways by the very dynamic presence of the Holy Spirit. Testimonies were received of people who had been physically healed as the Lord touched them.

Praise God that the Ministry continues to increase and we continue to pray for people to partner with us in various ways.

1. Prayer Partnership – people committed to praying daily for us and the Ministry.
2. Financial Partnership – people committed to sowing financially into various areas of our Ministry.
3. Specific Missions Partnership – such as Kenya, Bangladesh, the Philippines.
4. Specific Project Partnership – such as the Siritanyi Children's Home in Kenya.
5. Staff / Administration – Extra regular income is needed to help cover increased wages and costs as we expand the Ministry.

***Training – Equipping – Building Faith – Inspiring Hope***
