Ministry Report...

Greetings in the mighty name of Jesus. We trust this finds you well and enjoying the blessings of the Lord.

In June, our AIM leaders Conference went really well with leaders from Melbourne, Sydney, South Africa, New Zealand and the USA in attendance.

I enjoyed a really blessed time in New Zealand. I ministered in Christchurch and saw the unbelievable devastation caused by the 3 major earthquakes. The churches have responded brilliantly and are taking every opportunity to demonstrate the love and grace of Jesus in their communities.

The meetings were powerfully anointed. I spoke to young people, ministered at a seminar, spoke at a

men's gathering and preached at other church meetings.

Praise God for people saved and healed. There was a good flow of prophetic ministry and several people freed from pain in their bodies.

It was a blessing to spend good time with individual leaders and encourage them as they faithfully serve the Lord.

My time in Auckland was also blessed. I met with several leaders over a few days and spoke at various church meetings. Many people made a new commitment to pursue their relationship with Jesus as the priority of their lives.

Ministry in Australia has been really good. Meetings

have been powerfully impacted by a move of the Holy Spirit. Many have responded to the message of living an overcoming life through Jesus Christ.

In one meeting I felt not to preach but took the microphone and began to move prophetically and in the word of knowledge. People were freed from anxiety and fears. Several shared how the Lord touched them physically and emotionally.

Many individuals and churches are genuinely desiring growth in their walk with the Lord. It is such a blessing and privilege to be able to encourage them in their journey.

Let's press in for all the Lord desires to do in and through us in these challenging times.

Urgent Prayer request...

No doubt you will have seen the sad news reports of the famine and human tragedies occurring in East Africa. So many people are suffering as a result of the drought, which has resulted in serious food shortages.

As you know, we work with many leaders and churches in this region of Africa. Refugees are pouring into

Kenya daily, adding to the serious food crisis that country was already facing.

We are looking at ways to increase our assistance to these precious people. Our Children's Home is also facing serious shortfalls in food supplies with the children often only receiving one meal per day.

We realize that there are so many genuine needs in numerous countries but we would ask you to pray and see if you can help us as we seek to respond to this crisis in East Africa in an urgent and practical way.

your ongoing prayers for her full recovery.
