## Ministry Report...

Dear Prayer Partners. Greetings in the mighty name of Jesus.

Over the past couple of months I have ministered around Melbourne and in New Zealand. I have ministered with churches and in leadership situations.

Praise God for many people saved and for so many people who have made fresh commitments to the Lordship of Jesus in their lives.

There has been a strong prophetic ministry to individuals and to churches. Many have testified that the words were very specific and answered prayers they had been praying for several weeks.

Several people have testified to physical healing. One lady's hearing was dramatically improved, a man had his shoulder healed. One lady who had been suffering major neck trauma was instantly healed after prayer. Many testimonies were received from people who were released from various issues they were struggling with.

Much of my time has been spent with Pastors and leaders in one-on-one situations. It is such a privilege to counsel and encourage leaders who are faithfully serving the Lord, pushing through many challenges they are facing in both personal and church life.

There seems to have

been a general theme as I have ministered in recent weeks, challenging individuals to be "a voice in their world". Each one of us is able to make a positive difference and impact in our world. Numerous people have responded to step into new places in the Lord, enabling them to bring hope to the people around them. Several have been released from a fear of sharing Jesus in normal, everyday life.

Praise God for His continued blessing on our Ministry and we are continuing to trust Him to take us to new levels. We pray also that you will move to new levels in your relationship with the Lord in the coming days.

## Mission Update...

We continue to work on many projects in Kenya. These include:

A **Community Centre** which will be used for local church meetings and as a training centre.

We are looking at building a **Vocational Training Centre** where people will be trained in practical skills to help them come out of poverty and find employment

**Famine** is drastically impacting so much of Kenya and we are seeking to feed as many people as possible. Your practical support in this area would be really appreciated.

We want to expand the use of our **'Basic Christian Truths' Training Program** to help more people become firmly established in the basics of the Christian Faith.

Please pray for the release of finances as we work in these areas, seeking to help as many people as possible in both practical and spiritual ways.
