Ministry Report...

Habari. Hujambo. Kenyan for Hello. How are you?

Praise God for a dynamic and powerful time in Kenya. Church meetings, a youth meeting, leadership gatherings, LNI leaders Conference, a visit to the Children's Home, meeting with beneficiaries of our micro-finance programme.

The time went quickly but we praise God for all that was accomplished. The Lord powerfully impacted many lives in the meetings. Praise God for salvations, for people freed and healed from physical and emotional issues. One mother shared how all her children were healed from fevers and sickness.

One young lady who was deaf in one ear was able to hear 100% after prayer.

A man suffering major muscular problems was able to move freely for the first time in months. So many testimonies were received of healing and powerful touches from the Lord.

On one occasion, while we were meeting, the police came to interview a businessman who had been involved in a vehicle crash a few days earlier. However, apparently they felt they could not enter the building because there was a 'power' present which was overwhelming.

In February and March I also had the privilege of ministering in Australia and New Zealand.

Several times I have had prophetic pictures and words for churches and for

individuals. It's always very exciting to see the Lord speak so clearly, and very specifically, into lives and situations.

Many Testimonies have been received from people who have been set free from fears and phobias. Many have shared that they have received physical healing. A lady was healed from years of arthritis. A man was healed from stomach issues. Another man was healed from hip and thigh problems.

We give God all the glory for all he has done. We are living in challenging but exciting days.

We are looking forward to all that lies ahead, knowing that greater things are certainly yet to come!

A Healthy Life

Sponsorship / Administration.....

Alyssa continues to raise the profile of our work in Africa through the two Children's Homes, one in Kenya and one in Malawi. There are still children needing sponsors so please contact her if you would like more details—her email address is sponsorship@johncairns.org

We are delighted to let you know that Alyssa has now also been employed to work as an Administrative Assistant, in addition to her sponsorship role. As the Ministry continues to develop this is a very important role.
