MAY 2007 NEWS UPDATE

Greetings in the mighty name of Jesus. We trust that you are enjoying the blessings of the Lord.

Hopefully you have received the report of my trip to Kenya and rejoice with us for all the Lord did.

During the month of April I have ministered in Melbourne, Horsham and Albury. Every meeting has been very powerful with the Lord touching many lives. The Easter meetings in Melbourne were wonderfully blessed by the Lord, with people saved and many sharing testimonies of release and healing. There have been numerous specific prophetic words with people asking if I had prior knowledge of what had happened in their lives. I shared over one lady regarding a call she had to short term missions and she told me that she had just returned from a time of training overseas on how to lead such missions!

I ministered at some Schools of Healing here in Melbourne and again saw the Lord touch many lives in very specific ways.

Praise God for the many people saved, many recommitments to the Lord and testimonies of people being physically healed. One lady shared how a blood problem was healed, others testified of shoulders and lower backs being healed and many have testified to pain instantly leaving their bodies. The Holy Spirit is moving in increasing power and it is exciting to see all that He is doing. The Lord is challenging and stirring His church very specifically in these days.

We continue to pray and believe for many who would partner with us in different ways at Power & Light Ministries:

1. Prayer Partnership – people committed to praying daily for us.
2. Financial Partnership – regular commitment to give financially to support the running of PALM and our vision.
3. Specific Missions Partnership – such as the Kenya Missions Trip.
4. Specific Project Partnership – such as supporting the Siritanyi Children's Orphanage in Kenya.

We are also praying for volunteers who can help in fulfilling our Mission in specific ways. Further details can be obtained by emailing us at the above address. If you know of people who might be interested in receiving details of our ministry please encourage them to contact us.

Please inform us if you have an email address as this will enable us to maintain regular and better contact with you.

There has been a wonderful response to our first ministry DVD entitled 'Abiding Friendship'. This is now available at \$15, plus p&p where applicable. The new CD entitled 'Because He Lives', price \$10, has also been well received. These new products and all other resources can be ordered via our website www.johncairns.org or from the above address.

There have been further updates to our website with specific information on Kenya and the Children's Home we are working with. There are also new ministry photos so please visit www.johncairns.org for all current information.

We are so excited with all that God is doing this year. We pray that you will stay encouraged as you seek first His Kingdom, draw closer to Him and see Him at work in and through your life.
